

Trip suggestion 2: Færgøgårdens Camping; Diving weekend for you and your friends

Experienced divers consider the waters surrounding Langeland as one of the best places for diving in Denmark. The waters are crystal clear, there are a lot of exciting wrecks and the flora and fauna of the sea are outstanding. Just outside the camping site, you will find The Great Belt Strait providing the opportunity for many exciting dives, including the wrecks of Arete, Skansen and the completely intact Dr. Eichelbaum from World War II. The camping site provides an air compressor for filling up your scuba tank. We have a BAUER IDE 250 L/M compressor with a 40,000 air bank, making sure that even the largest of groups won't have to wait too long to get fresh air! You can berth your boat in the vicinity of the camping site which has all the necessary facilities, including a washing and rinsing station, a drying room, trailer space, a boat ramp and a berth in the marina opposite the camping site, barbecue and ice cream café, playground with a bouncy cushion and an activity tent as well as a soccer field.

Trip suggestion

2 x nights in 4 person cabin.

2 x breakfast in the breakfast café

2 x lunch

3 x dives: One dive at the Skansen, one dive at the Arete and one beach dive at Spodsbjerg Nordstrand

Additional activities:

For the non-divers, there are plenty of opportunities to go snorkeling or underwater hunting – or to go on bike rides, guided hikes or the Seal Safari off Strynø. Check out the possible experiences in the South-of-Funen Archipelago at www.aktive-oplevelser.dk – where you will find the prices as well as other relevant information.
